Notes and Important Disclosures

This Presentation (together with oral statements made in connection herewith, the "Presentation") is for informational purposes only to assist interested parties in evaluating AITI Global, Inc. (along with its consolidated subsidiaries, "AITI Global" or the "Company").

About AITI Global

AITI is a leading independent global wealth and alternatives manager providing entrepreneurs, multi-generational families, institutions, and emerging next-generation leaders with fiduciary capabilities as well as alternative investment strategies and advisory services. AITI's comprehensive offering is underscored by a commitment to impact or values-aligned investing and generating a net positive impact through its business activities. The firm currently manages or advises on approximately \$71 billion in combined assets and has an expansive network across three continents.

No Offer or Solicitation

This Presentation does not constitute an offer to sell, a solicitation of an offer to buy, or a recommendation to purchase any equity, debt or other financial instruments of AITI Global. The information contained herein does not purport to be all-inclusive and none of AITI Global nor any of its respective subsidiaries, stockholders, affiliates, representatives, control persons, partners, members, managers, directors, officers, employees, advisers or agents make any representation or warranty, express or implied, as to the accuracy, completeness or reliability of the information contained in this Presentation. Prospective investors should consult with their own counsel and tax and financial advisors as to legal and related matters concerning the matters described herein, and, by accepting this Presentation, you confirm that you are not relying solely upon the information contained herein to make any investment decision. The recipient shall not rely upon any statement, representation or warranty made by any other person, firm or corporation in making its investment decision to subscribe for securities of AITI Global. To the fullest extent permitted by law, in no circumstances will AITI Global or any of its subsidiaries, stockholders, affiliates, representatives, control persons, partners, members, managers, directors, officers, employees, advisers or agents be responsible or liable for any direct, indirect or consequential loss or loss of profit arising from the use of this Presentation, its contents, its omissions, reliance on the information contained within it, or on opinions communicated in relation thereto or otherwise arising in connection therewith. In addition, this Presentation does not purport to be all-inclusive or to contain all of the information that may be required to make a full analysis of AITI Global. The general explanations included in this Presentation cannot address, and are not intended to address, your specific investment objectives, financial situations or financial needs.

Additional Information and Where to Find It

The Company intends to file with the Securities and Exchange Commission (the "SEC") a proxy statement and other relevant materials in connection with the investment transactions described in this presentation and the Company's solicitation of proxies for use at either the 2024 annual meeting of stockholders of the company ("stockholders") or a special meeting of stockholders, or at any adjournment or postponement thereof, to vote in favor of approval of amendments to the Company's amended and restated certificate of incorporation and the issuance of an amount of shares of Class A Common Stock to Allianz equal to 20% or more of the pre-transactions issued and outstanding shares of Class A Common Stock and Class B Common Stock, taken together and, in the case of the 2024 annual meeting of stockholders, to vote on any other matters that shall be voted upon at the Company's 2024 annual meeting of stockholders, such as the election of directors. The proxy statement for the 2024 annual meeting of stockholders ("the proxy statement") will be mailed to the stockholders as of a to-be-determined record date. Before making any voting or investment decision with respect to the transactions, investors and stockholders are urged to read the proxy statement and the other relevant materials when they become available because they will contain important information about the transactions. The proxy statement and other relevant materials (when they become available), and any other documents filed by the Company with the SEC, may be obtained free of charge at the SEC's website at www.sec.gov. In addition, investors and stockholders of the Company may obtain free copies of the documents filed with the SEC from <https://ir.aiti-global.com/financial-information/sec-filings>.

The Company and its executive officers and directors may be deemed to be participants in the solicitation of proxies in connection with the transactions. Information about those executive officers and directors of the Company and their ownership of the Company's common stock and other equity securities is set forth in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2023, which was filed with the SEC on March 22, 2024. Investors and security holders may obtain additional information regarding direct and indirect interests of the Company and its executive officers and directors in the transactions by reading the proxy statement and prospectus when it becomes available.

Notes and Important Disclosures

Forward-Looking Statements

Some of the statements in this presentation may constitute "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 (the "Securities Act"), Section 21E of the Securities Exchange Act of 1934 and the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact are forward-looking. Words such as "anticipate," "believe," "continue," "estimate," "expect," "future," "intend," "may," "plan" and "will" and similar expressions identify forward-looking statements. Forward-looking statements reflect management's current plans, estimates and expectations and are inherently uncertain. The inclusion of any forward-looking information in this presentation should not be regarded as a representation that the future plans, estimates or expectations contemplated will be achieved. Forward-looking statements are subject to various risks, uncertainties and assumptions. Important factors that could cause actual results to differ materially from those in forward-looking statements include, but are not limited to, our ability to obtain stockholder approval and to complete the investment transactions described in this Presentation, global and domestic market and business conditions, successful execution of business and growth strategies, regulatory factors relevant to our business, as well as assumptions relating to our operations, financial results, financial condition, business prospects, growth strategy and liquidity and the risks and uncertainties described in greater detail under "Risk Factors" included in ATI Global's Annual Report on Form 10-K filed March 22, 2024 and in the subsequent reports filed with the Securities and Exchange Commission, as such factors may be updated from time to time. We undertake no obligation to revise or update any forward-looking statements, whether as a result of new information, future events or otherwise, except as may be required by law.

Financial Information

The financial information and data contained in this Presentation is unaudited and does not conform to Regulation S-X promulgated under the Securities Act. Accordingly, such information and data may not be included in, may be adjusted in or may be presented differently in, any registration statement that may be filed by ATI Global.

Due to rounding, numbers presented throughout this Presentation may not add up precisely to the totals provided and percentages may not precisely reflect the absolute figures.

Industry and Market Data

Certain information contained in this Presentation relates to or is based on studies, publications, surveys and ATI Global's own internal estimates and research. In addition, all of the market data included in this Presentation involves a number of assumptions and limitations, and there can be no guarantee as to the accuracy or reliability of such assumptions. Finally, while ATI Global believes its internal research is reliable, such research has not been verified by any independent source and none of ATI Global or any of its affiliates nor any of their respective control persons, officers, directors, employees or representatives make any representation or warranty with respect to the accuracy of such information.

Trademarks

This Presentation may contain trademarks, service marks, trade names and copyrights of other companies, which are the property of their respective owners. Solely for convenience, some of the trademarks, service marks, trade names and copyrights referred to in this Presentation may be listed without the TM, SM © or ® symbols, but ATI Global will assert, to the fullest extent under applicable law, the rights of the applicable owners, if any, to these trademarks, service marks, trade names and copyrights.

Use of Non-GAAP Financial Measures

The non-GAAP financial measures contained in this presentation (including, without limitation, Adjusted Net Income, Adjusted EBITDA and EBITDA) are not GAAP measures of ATI Global's financial performance or cash flows and should not be considered as alternatives to net income (loss) as a measure of financial performance or cash flows from operations as measures of liquidity, or any other performance measure derived in accordance with GAAP. A reconciliation of such non-GAAP measures to their most directly comparable GAAP measure is included in the Appendix of this presentation. You are encouraged to evaluate each adjustment to non-GAAP financial measures and the reasons management considers it appropriate for supplemental analysis. ATI Global believes that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating ongoing operating results and trends. Our presentation of these measures should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. In addition, these measures may not be comparable to similarly titled measures used by other companies in our industry or across different industries.

Forward-looking Non-GAAP

The Company is not able to reconcile its forward-looking non-GAAP estimates of Adjusted EBITDA margin without unreasonable effort because of the inherent difficulty of accurately forecasting the occurrence and financial impact of the various adjusting items necessary for such reconciliation that have not yet occurred, are out of its control, or cannot be reasonably predicted, which could have a material impact on its future GAAP financial results.

Glossary

Assets Under Management and Assets Under Advisement. For financial presentation purposes, total assets under management and assets under advisement ("AUM/AUA") of AITI Global is calculated as set forth below:

AUM/AUA includes billable and non-billable assets. Billable assets represent the portion of assets on which we charge fees, including under co-investment arrangements. For the purpose of calculating co-investment assets, we include the gross asset value of all assets managed or supervised by operating partner subsidiaries, affiliates and joint ventures in which we hold either a majority or minority stake. Non-billable assets are exempt of fees. They consist of assets such as cash and cash equivalents, real estate, investment consulting assets and other designated assets.

Our AUM/AUA also includes the assets under management of each of our External Strategic Managers. External Strategic Managers are those managers in which the we have made an external investment, and the strategies of these managers include Real Estate Bridge Lending, European Long/Short Equity and Asian Credit and Special Situations.

Unless otherwise defined, AUM refers to assets on which a business provides continuous and regular billable supervisory or management services. As noted, our AUM/AUA includes the AUM of our external strategic managers as we believe including such AUM presents a more accurate depiction of the respective businesses. However, the AUM of the external strategic managers should not be viewed as part our AUM for regulatory and/or statutory purposes under the U.S. Investment Advisers Act of 1940, as amended.

Adjusted EBITDA. We use Adjusted EBITDA as a non-US GAAP measure to track our performance and assess our ability to service our borrowings. This is a non-US GAAP financial measure supplement and should be considered in addition to and not in lieu of, the results of operations, prepared in accordance with US GAAP. Adjusted EBITDA is derived from and reconciled to, but not equivalent to, its most directly comparable GAAP measure of net income (loss). Adjusted EBITDA represents adjusted net income plus (a) interest expense, net, (b) income tax expense, (c) adjusted income tax expense less income tax expense, and (d) depreciation and amortization expense.

Adjusted Net Income. We use Adjusted Net Income as a non-US GAAP measure to track our performance and assess our ability to service our borrowings. This is a non-US GAAP financial measure supplement and should be considered in addition to and not in lieu of, the results of operations, prepared in accordance with U.S. GAAP.

Adjusted Net Income represents net income (loss) before taxes plus (a) equity-settled share-based payments, (b) transaction-related costs, including professional fees, (c) impairment of equity method investments, (d) change in fair value of investment or other financial instruments, (e) onetime bonuses recorded in the statement of operations, (f) compensation expense related to the earn-in of certain variable interest entities, and (g) adjusted income tax expense.

Billable Assets. Represents the portion of our AUM/AUA on which we charge fees.

MFO. Multi-family office

Mgmt./Advisory Fees. Mgmt./Advisory fees represent fees recurring in nature, primarily management fees.

Impact Investing. Investment practices seeking to generate various levels of financial performance together with the generation of positive measurable environmental and social impacts.

UHNW. Ultra High Net Worth individuals are people with a net worth of at least \$30 million.

Footnotes

Past performance does not guarantee or indicate future results. The historical net performance presented above are provided from inception of each fund through December 31, 2023 and are unaudited.

The returns for the Event driven strategy reflect the deduction of the actual management fees (represents the actual management fees paid by investors for such month which may be lower than the stated management fee) and stated performance fees and expenses at the specified times but do not include the deduction of any applicable taxes and include the reinvestment of all dividends and other earnings with respect to the fund's assets.

The returns for Real Estate Bridge Lending strategy are based on returns for the flagship Real Estate Bridge Lending Strategy fund provided to TIG by an external strategic manager. Returns were provided net of all fees charged to the flagship fund in this strategy, but did not take into account taxes, change in unit values, third-party expenses, or redemption charges.

The returns for European Long Short Equities are based on returns for European Equities' benchmark portfolio. Returns for European Equities provided were net of management and incentive fees, expenses, and applicable taxes.

The returns for Asia Credit and Special Situations are based on returns for the flagship Asia Credit and Special Situations fund provided to the TIG Entities by our External Strategic Manager. Returns for Asia Credit and Special Situations provided were net of management and incentive fees, expenses, and applicable taxes.

Each of the managers managed strategies and/or funds over the relevant periods that are not included in the investment performance information above because they are not the primary strategy and/or fund of the manager. If the performance of the omitted strategies and funds were included, the investment performance shown may be lower. An investor may be subject to different taxation depending on the jurisdiction of the investor or relevant manager.

The MSCI and HFRI performance information is included to show relative market performance for the periods indicated and not as a standard of comparison. Each of HFRI and MSCI differs in numerous respects from the portfolio composition of any fund comprising the investment returns presented. The indices are not included to imply that any fund is comparable to an index in composition or element of risk. Returns for the MSCI are gross of dividend reinvestment. No representation is made hereby with respect to the accuracy or completeness of the index data.

A description of the strategies is provided below:

Event-driven: The Event-driven strategy is based in New York. This strategy, which has \$2.4 billion of AUM as of December 31, 2023, focuses on 0-to-30-day events within the merger process. The investment team employs deep research on each situation in the portfolio with a focus on complex, hostile, up-for-sale situations where our primary research work can drive uncorrelated alpha. The research and investment process is focused on hard catalyst events and is not dependent on deal flow.

Real Estate Bridge Lending: The Real Estate Bridge Lending strategy is managed by an external manager based in Toronto and focuses on complex construction, term, and pre-development bridge loans throughout North America. The strategy has \$2.2 billion AUM as of December 31, 2023. The strategy's diversified portfolio primarily consists of first lien mortgages with little to no structural leverage. The team places an emphasis on risk management via rigorous underwriting consisting of borrower analysis, vetting, and extensive monitoring across all major real estate asset classes.

European Long Short Equities: The European Long Short Equities strategy is managed by an external manager based in London. The strategy has \$1.7 billion AUM as of December 31, 2023, and trades the portfolio actively and absolute return-oriented with a focus on financials, cyclical, and mining and minerals. The strategy is market agnostic and runs with a variable net exposure, equally comfortable net long or net short.

Asia Credit and Special Situations: The Asia Credit and Special Situations strategy is managed by an external manager based in Hong Kong. The strategy has \$1.4 billion AUM as of December 31, 2023, and includes performing, stressed, and distressed bonds and loans throughout the Asia Pacific region. The manager strives to capitalize on what it believes is an under-researched and inefficient market with limited competition and attractive levels of stressed and distressed activity.
