1. Refer to your response to comment 4. Please address the following on pages 51 and 195:

Risk Factors
The mutual termination of BofA Securities' engagements, page 88

2. Refer to your responses to comments 2 and 8 of our letter dated June 6, 2022. Please revise the statement in the caption and the second paragraph on page 89 that the termination of the engagements "may indicate that [the financial advisor] is unwilling to be associated with the disclosure" given that the resignation notice disclaims

responsibility for any part of the registration statement and the financial advisor has

declined to review or say that it agrees or disagrees with the disclosure. Please similarly

revise the sixth bullet point on page 70 and the cross-reference on page 156.

Unaudited Pro Forma Condensed Combined Financial Information, page 240

3. Refer to your response to comment 12. We note that prior to the Business Combination, the Class D-1 equity interest was entitled to a 49.37% distribution of the results of TIG Arbitrage Fund and that after the Business Combination in accordance with the terms of a provisional agreement, the Class D-1 equity interest holder will be entitled to the same economic benefits but as an employee of the TIG Entities. Consistent with the basis of your Pro Forma condensed combined balance sheet and Pro Forma condensed combined statements of operations which give pro forma effect to the Business Combination as if it had occurred on March 31, 2022 and January 1, 2021, respectively, please adjust your Pro Forma Condensed Combined Financial Information to reflect the TIG Arbitrage Class D-1 equity interest to a 49.3% distribution of the TIG Arbitrage Fund. Refer to Article 11 of Regulation S-X. Unaudited Pro Forma Condensed Combined Statement of Operations for the Three Months Ended March 31, 2022, page 246

4. Please disclose the underlying calculation of \$3,032 million adjustment (e) on page 275 and how it represents the pro forma 38% economic interest and 51% economic interest the non-controlling shareholders will hold in Class B common units in Umbrella under the No Redemptions and Maximum Redemptions scenarios, respectively.
